

ASUS PCE- BE6500 Internal WLAN / Bluetooth 2882 Mbit/s

Model: 90IG09G0-MO0B00

Manufacturer: ASUS

EAN: 4711387680681

Product Code: 804400

R1,655

The WiFi 7 Leader

ASUS provides a total solution for the latest WiFi 7 standard, from routers to wireless PCIe® cards. With carefully designed engineering and supporting software, ASUS WiFi 7 total solution ensures optimized capabilities and performance.

* PCE-BE6500 only supports PCI-Express x1 standard, please install the adapter in PCI-e x1 slot.

Least Congested WiFi

ASUS PCE-BE6500 is a WiFi 7 PCIe® card that allows your PC to connect to a WiFi 7 router via the dedicated 6 GHz band. This means it will not compete for bandwidth with non-WiFi 6E/7 devices. The all-new 6 GHz band, with the least congested signal interference, boosting speeds up to 2.8Gbps.

Ultrafast WiFi 7

Desktop Upgrade

With WiFi 7's 6 GHz technology, PCE-BE6500 delivers wireless speeds that are up to 1.2X faster* than WiFi 6 / 6E devices, making it perfect for even the most bandwidth-demanding tasks.

*Comparison based on a 2x2 160 MHz WiFi 7 PCIe card versus a 2x2 160 MHz WiFi 6 / 6E PCIe card

Instant Bluetooth® Upgrade

Slot PCE-BE6500 into your PC for an instant upgrade to the latest Bluetooth® 5.4 technology, improves power consumption, supporting large networks and optimizing energy consumption. It allows for flexible network configurations and various applications, prioritizing energy efficiency.

Enhanced Network Security with WPA3

PCE-BE6500 uses the WPA3 WiFi security protocol, providing your PC with an extra layer of protection against external attacks to give you added peace of mind.
