Upgrades your Powerline with Wi-Fi 6

New technologies that come with 802.11ax, such as 1024QAM and Long OFDM Symbol, allow the powerline to provide industry-leading speeds of up to 574 Mbps on a 2.4GHz band and 1201 Mbps on a 5GHz band. You enjoy blazing-fast speeds without any lag.

Flexibly Create Whole Home Mesh WiFi

If you have any dead zones at home, just add another EasyMesh-compatible device to further form your whole home mesh WiFi. No more searching for a stable connection.

Take Your Powerline Network to the Next Level

With the Next-Gen G.hn 2×2 MIMO, the PGW2440 KIT deliver superior high speed over 2 times than G.hn SISO, that supports all of your online needs. Moreover, the multiple data paths ensure more stable lag-free connections, you will never get latency stuck again.

One Tap for a Unified Network

One-Touch Wi-Fi Configuration

Instantly copies your network name and password from your router for easy setup. Automatically applies any setting changes across the network. Your existing Wi-Fi settings will synchronize to the new extender instantly.

Plug and Play in Seconds!

Plug PG2400P in the wall and connect it to the router. Then plug PGW2440 into any desired power socket to get the WiFi extension. For more security, please press the ‘Pair’ buttons.

Wiring up with Gigabit Speeds

Ideal for lag-free gaming and 8K HD Streaming. Just use and Ethernet cable to attach your devices to the Powerline adapter to get started!
