Model: 20002960

Manufacturer: FRITZ!

EAN: 4023125029608

Product Code: 838814

R5,344

Fiber power with fast Wi-Fi 6

With next-generation Wi-Fi 6, MIMO and a 2.5 gigabit LAN port, the FRITZ!Box 5530 Fiber is a home network hub you can rely on. What makes the new wireless standard so special? It's been perfected to integrate a large number of devices into the home network in parallel. This ensures you can use all your devices at home, anytime and anywhere without hassle.

Mesh Wi-Fi with FRITZ!

The FRITZ!Box 5530 Fiber supports Mesh Wi-Fi, meaning your videos, music and photos seamlessly reach every corner of your home, apartment or office. How does it work? The FRITZ! devices work together as part of a single network, communicating with each other and optimizing wireless devices and network usage.

With Mesh you can enjoy high speeds while surfing, streaming or gaming. Instead of waiting for breathtaking HD television and your favorite music, your media will wait for you.

Straight to any fiber optic connection

Whether AON or GPON: The FRITZ!Box 5530 Fiber can be used directly at any fiber optic connection - without a media converter or upstream provider modem. Thanks to the integrated slot for fiber optic modules (transceivers) in SFP format, the right plug-in module can be used depending on the connection type.

The latest technologies

Computers, laptops, game consoles, tablets and multiple smartphones: the number of devices in the home with internet access is growing all the time! To ensure you always have optimum data throughput, the FRITZ!Box 5530 Fiber is equipped with Wi-Fi 6, thus meeting the latest technology standards. This enables improved Wi-Fi coexistence and ensures each of your devices is always well supplied with Wi-Fi. A 2.5 gigabit LAN port, two 1 gigabit LAN ports and a powerful telephone system with a whole range of features are also included.

Pure phone calling fun

With the FRITZ!Box 5530 Fiber's high-performance telephone system, you're set for anything: connect analog, DECT and ISDN phones, configure answering machines, manage call lists and get email notifications about missed calls or new voice messages. The integrated fax machine function and HD telephony complete the package.

A Smart Home hub

Experience a connected and convenient Smart Home across all areas: energy, heating and lighting. With the FRITZ!Box 5530 Fiber, you and your family have a high-performance Smart Home hub, to which you can connect a range of intelligent devices such as smart plugs, radiator controls, LED lights as well as other devices from other manufacturers.

FRITZ!OS: More than an operating system

FRITZ!OS is the intuitive user interface that helps you easily manage the individual components. Free updates mean you get new features on a regular basis, while the FRITZ!Apps allow you to access your home network securely while on the go.

FRITZ!Box for safety's sake

To protect your communication and data from unauthorized access, the FRITZ!Box 5530 Fiber features a sophisticated security concept. AVM regularly releases free updates to keep the software up to date and immediately nip potential threats in the bud. What's more, telephony, wireless connections and setup based on the latest standards are protected from unauthorized access.
