ADATA LEGEND 960 MAX 2 TB M.2 PCI Express 4.0 NVMe 3D NAND

Model: ALEG-960M-2TCS

Manufacturer: ADATA

EAN: 4711085938862

Product Code: 839686

R9,281

With a finned heat sink design and the latest PCIe 4.0, LEGEND 960 MAX offers you brilliant read and write speeds of 7,400/6,800 MB/s while maintaining stable performance. Moreover, LEGEND 960 MAX not only provides capacities of up to 4TB that work perfectly well with PS5 as expanded storage but also supports the latest Intel and AMD platforms, making it the holy grail for all creative masters!

Redefining the Speed of Creativity

LEGEND 960 MAX supports the latest PCIe Gen4 x4 interface, which meets the NVMe 1.4 standard. It offers mind-blowing creativity and supports the latest Intel and AMD platforms, turning the device into an invincible powerhouse.

Ultimate Performance for Creators

LEGEND 960 MAX delivers a sequential read and write speed of 7,400/6,800MB per second, which is up to 4 times faster than a standard PCIe Gen3 SSD and 13 times faster than a SATA SSD. It is backward compatible with PCIe 3.0 and made for professionals to challenge the impossible.

Max Heat Dissipation, Max Stability

LEGEND 960 MAX's cooling system uses aluminum alloy to thoroughly cover the hard drive to maximize heat dissipation. With multi-layered cooling fins, it allows cool air to flow in along the metal case and push away hot air. The distinctive convection cooling design can reduce the temperature of SSD by 40% and bring out stable performances.

A Perfect Partner for PS5

LEGEND 960 MAX's size conforms to the slot design and can be installed in PS5 consoles as expanded storage, taking PS5's performance to the next new level. With LEGEND 960 MAX, you can enjoy AAA Games with no lag and show the world what you've got!

Keep Cool and Carry On

Details make the difference. By carefully analyzing the convection design, ADATA presents you with exclusive LEGEND 960 MAX cooling fins, which can significantly reduce the temperature of SSD by 40%. You can enjoy the seamless gaming experience offered by the unique cooling design.

4TB Capacity? Challenge accepted

With 3D-stacked flash memory, the LEGEND 960 MAX provides you with capacities of up to 4TB. What's more, it comes with various protection and correction technologies, and high TBW (Total Bytes Written) for durability and reliability.

Eye-catching Performance

LEGEND 960 comes with SLC Caching and DRAM Cache Buffer for advantages in system loading and data caching. It features 4K random read/write of up to 750K/630K IOPS for smoother multitasking.

Create Without Worry

LDPC (Low Density Parity check Code) and AES 256-bit encryption ensure data accuracy and file security.

SSD ToolBox Software

ADATA SSD Toolbox allows for the monitoring of drive health and remaining life through Self-Monitoring, Analysis and Reporting Technology (S.M.A.R.T.) attributes. It also lets you keep track of the current operating temperature, capacity, and total space used, plus keeps you up-to-date on firmware.
