entertainment experiences, wherever you go.

Fluid viewing experience with 144Hz Smooth Motion

ASUS ZenScreen MB16AHG with fast 144Hz refresh rate and Adaptive-Sync(FreeSync™) technology to eliminate screen tearing and choppy frame rates. It refreshes content on the display 2.4-time faster than the one with a standard 60Hz refresh rate, giving you more fluid animation in video, casual gaming, and day-to-day work, can all benefit from the smoother-than-ever experience. It is a great fit for augmenting what you can do with your laptop.

Sleek and portable design

ASUS ZenScreen MB16AHG is ideal for life on the road. This sleek portable display weighs 0.92kg and has a slim profile, so it fits easily in any travel bag and is ready for productivity, anytime and anywhere. A sleeve included in the package helps protect the MB16AHG from dust and scratches while traveling.

Flexible viewing positions

A fold-out kickstand props ASUS ZenScreen MB16AHG up on any flat surface and offers easy tilt adjustments to ensure comfortable viewing angles and working positions. In addition, a ¼ -inch threaded tripod socket at the rear lets you attach the monitor to a standard tripod* or table mount.

Automatic screen orientation

ASUS ZenScreen MB16AHG includes a G-sensor that can automatically sense its orientation and switch the display between landscape and portrait modes while connected to your mobile devices. Landscape mode is ideal for presentations and spreadsheets, while Portrait mode gives you a perfect view of items such as documents, books or websites.

Rich connectivity

ASUS ZenScreen MB16AHG includes a variety of I/O ports to cater to a range of devices. USB-C port allow audio-video signals transmission over a single cable. There’s also a mini HDMI port for a wired
