ROG Harpe Ace Mini

PRO POTENTIAL

Inheriting the pro-tested, semi-symmetrical shape profile of the standard Harpe Ace, the ROG Harpe Ace Mini carries all the top-tier tech in a smaller, refined form factor. Plus, with its lightweight 49 g frame and smooth, matte coating, you’ll be executing outplays with ease.

Mini and Mighty

The Harpe Ace Mini shares the shape profile of the standard Harpe Ace, but is shorter in length with a shallower hump to accommodate a wider range of handshapes and grip styles.

49-Gram Ultra-lightweight

Weight is kept down through selected optimizations made on the inner structure, PCB layout and an innovative bio-based nylon outer shell.
