Thought for multi-tasking and productivity, the VG3419C comes with a built-in KVM switch function to connect and control multiple systems.

Stunning UWQHD Resolution on a 21:9 Ultra-wide Screen

Immerse in a comfortable 178-degree wide viewing experience with stunningly detailed visuals. Boasting UWQHD resolution (3440 x 1440) and an ultra-wide 21:9 aspect ratio, the monitor provides the equivalent of 35% more screen space than a Full HD monitor of the same size.

Free Up Your Laptop Ports

Expand your laptop functionality and plug all your devices directly into your docking monitor – the VG3419C. Transmit power (up to 65W), data, video, and audio with a single cable connected to the USB-C port. The built-in ethernet port (RJ45) provides a fast and stable network option.

In the Natural Field of View

The monitor's 1500R curve better fits the human field of view, allowing you to see details displayed on the corners as clearly as if they were at the center of the screen. Reduce the strain on your eyes and neck, all while enjoying a more comfortable workflow.

Smooth Visuals With 120Hz Refresh Rate

With a fast 120Hz screen refresh rate, you can experience a truly fluid visual display. This results in improved viewing clarity, reduced screen stutter during fast-moving action scenes, and benefits work-related tasks, reducing eye strain and increasing productivity.

Streamline Your Workstation

Centralize your workflow with a KVM switch for a clutter-free workstation. Connect, control, and switch between multiple computers from a single console, eliminating the need for separate monitors, keyboards, and mouse. Enjoy seamless productivity without the hassle of moving devices around or cable swapping.

HDR10 Delivers Stellar Contrast

Compatible with the industry-standard HDR10 High Dynamic Range, this monitor delivers highly defined color, brightness, and contrast greatly exceeding the capabilities of ordinary SDR products.

Built-in Speakers

Integrated with dual 2W stereo speakers as well as incredible screen performance, this monitor provides complete multi-sensory immersion.

A New Angle on Workspace Ergonomics

Enjoy every detail with advanced ergonomics – height adjustment and a $-3.5^{\circ}\sim 23^{\circ}$ ergonomic tilt angle. Each provides a greater range of customizable adjustments for maximum comfort. The tilt also enables you to use the monitor while standing or having a strategic group discussion around the screen.

Eye ProTech for Comfort Viewing

Reduce your eye strain and maintain fresh-feeling eyes with ViewSonic Eye ProTech. The Flicker-Free technology eliminates screen flickering, while the Blue Light Filter minimizes harmful blue light from extended viewing periods, ensuring comfortable screen viewing.

Certified Environmental Sustainability

The VG3419C is an ENERGYSTAR-certified product that can save on energy costs while reducing greenhouse gases.

Dimensions & I/O Ports

Conveniently mount the monitor to your preference by utilizing the 100mm x 100mm VESA-compatible mount design.
