R1,167

Boost Your Router Coverage to Expanded Dual Band WiFi

RE200 expands your existing WiFi coverage with next generation 11AC WiFi technology. It works with any standard WiFi router and creates stronger dual band connections in hard-to-reach areas, allowing you to enjoy seamless wireless coverage throughout your home or office.
Next Generation 11AC WiFi

Create faster access for 802.11 b/g/n and 802.11ac WiFi devices. RE200 delivers fast speeds of dual band WiFi up to 750Mbps and provides reliable connections for laptops, smartphones, tablets and

other wireless-enabled devices.

Enjoy Super Speeds in High Speed Mode

With High-Speed technology, RE200 makes the best use of both WiFi bands to establish super speedy connections — ideal for HD video streaming, online gaming and other bandwidth-intensive tasks.

Easy Setup and Flexible Placement

Press the WPS button on your router and the Range Extender button on your RE200 within 2 minutes to easily connect to the network. Once connected with an existing router, you can simply unplug and plug the RE200 back in anywhere within the wireless range of the existing router, without needing to configure the extender again.

Entertainment Adapter

The RE200's single Ethernet port allows the Extender to function as a wireless adapter to connect wired devices like Blu-ray® players, gaming consoles, DVRs and Internet TVs. At the same time, the device can share the wireless network as well.
