Faster Speed

Up to 10.8Gbps delivers seamless WiFi to all devices no matter how demanding

Next-Gen WiFi 6E Technology

Adds a 6GHz band for today's new WiFi 6E devices

Stronger WiFi Signals

Pre-optimized antennas deliver more reliable connections and coverage up to 3,500 sq.ft.

FASTER GAMING, FASTER STREAMING

12 simultaneous WiFi streams ensure everyone in your house enjoys no-lag AR/VR gaming, uninterrupted 8K streaming, and smooth video calls all at the same time

WIFI 6E, THE FASTEST WIFI EVER

A new 6GHz band provides the fastest speed and the greatest capacity for new WiFi 6E devices, and reduces data loads on the other two bands so WiFi speed increases for all devices

OUR WIFI SIGNALS JUST GOT BOOSTED

RAXE500 includes proprietary WiFi optimization and eight optimally positioned antennas to deliver more capacity, stronger and more reliable connections, and less interference to your devices
