## **R9,633**

### **Blazing Speed with USB4**

The TurboMetal SSD delivers exceptional performance, equipped with the latest USB4 interface via the USB-C® connection for unrivalled data transfer speeds. Experience up to 3700 MB/s read and 3600 MB/s write speeds, making it an outstanding solution for those working with large files, high-resolution videos, and demanding applications. Whether you're transferring vast amounts of data or working directly from the drive, the TurboMetal SSD ensures you can complete tasks in record time.

### **Durable Design with Advanced Cooling**

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

Built with a robust metal enclosure, the TurboMetal SSD not only looks sleek but also offers enhanced durability for your data. It's designed to handle the rigours of daily use, providing the confidence you need when storing valuable files. To ensure consistent top-tier performance, it features an integrated fan that actively cools the drive, preventing overheating and keeping your workflow smooth.

## **Nero Backup Software Included**

The TurboMetal SSD also comes with Nero Backup Software, offering a simple and reliable way to protect your important data. Schedule automatic backups and safeguard your files with ease. With its combination of advanced technology, superior speed, and strong security, the TurboMetal SSD is the ultimate choice for professionals and power users alike.
