Whiteboard Display

The IFP7504P MeetBoard 4 Prime, a 75" smart board, is specifically designed to cater to modern meeting needs with Google EDLA certification and an integrated 4K AI camera, making it the perfect solution for video conferencing. Whether in a corporate office, IT environment, or creative studio, this smart board combines sleek design with powerful functionality. Equipped with Android 13.0, a cloud-based whiteboard, and wireless screen sharing via Montage, the MeetBoard 4 Prime enables real-time remote communication and seamless collaboration, providing unparalleled convenience for any professional meeting setting.

4K AI Camera for Smart Virtual Meetings

The IFP7504P revolutionizes video conferencing with its 4K camera, offering crystal-clear visuals. Equipped with auto-framing, the camera adjusts to fit the number of participants, ensuring everyone is included. Sound tracking technology zooms in on the speaker's face, creating a focused and engaging meeting experience.

Its advanced 8-array microphone captures voices with clarity, while the built-in speaker delivers crisp audio. Together, these features ensure productive, distraction-free conversations, keeping attention on the key participants and enhancing meeting efficiency.

All-in-One Smartboard Powered by Google Services

The IFP7504P revolutionizes video conferencing with its 4K AI camera and access to Teams, Zoom, and more via Google Play. Google EDLA certification guarantees secure, reliable performance, offering seamless integration with a wide range of Google apps. Designed to streamline collaboration, this all-in-one smartboard combines cutting-edge hardware and intuitive software to enhance productivity and elevate meeting efficiency. Enjoy crystal-clear visuals, effortless app access, and the security you need for modern business collaboration.

Powerful Whiteboard App

Revolutionize your meetings with the Meetboard whiteboard app. Bring ideas to life, make real-time annotations, and collaborate effortlessly, sparking creativity and enhancing teamwork in every discussion.

Effortless Presentations and Versatile Display Options

Enjoy powerful, wireless presentations with the pre-installed Montage app, supporting AirPlay,

Miracast, and Google Cast across PCs, Macs, tablets, and smartphones. The IFP7504P also offers versatile display options, allowing you to show multiple screens at once for easier document comparisons, presentations, and enhanced collaboration.

Remote Meeting Collaboration

Combine video conferencing and whiteboard functionalities with MeetCloud. This feature allows for seamless remote collaboration, connecting your team from anywhere and working as productively as in the office.

The Ultimate Workspace Solution

Advanced Operating System

Powered by Android 13, the IFP7504P offers a fast, intuitive, and secure user experience. Access a wide range of apps and enjoy smooth performance for all your interactive needs.

Fast and Reliable Connectivity Experience faster and more reliable wireless connections with Wi-Fi 6. Streamline your online activities and ensure smooth video conferencing, file transfers, and internet browsing.

Crystal Clear Visuals

Experience stunning clarity and detail with 4K resolution, making your presentations and collaborative sessions more impactful.

Empower Your Creativity with the Active Pen

The active pen delivers a natural writing experience with a pressure-sensitive tip that adjusts dynamically based on applied pressure. Seamlessly connected via Bluetooth, it allows you to write, draw, and even switch presentation pages effortlessly with built-in buttons, combining creativity and control in one tool.

Easy File Access and Collaboration

Access, manage, and share your files from anywhere with ease. Supporting OneDrive, Google Drive, FTP, and SAMBA, IFP7504P simplifies collaboration and enhances your productivity.

Expandability and Flexibility

The IFP7504P includes an OPS slot, providing expandability and flexibility for additional computing power and functionality. Easily upgrade your smart board to meet the evolving needs of your office.

Slide Menu

Quickly adjust volume, brightness, and navigate to the homepage or tools with a simple swipe from either side of the screen.

Float Tool

Drag the float tool anywhere on the screen and customize quick access buttons to navigate essential functions with ease.

Reimagine Collaboration with Smarter Meeting Tools

Precision and Flexibility

The IFP7504P comes with dual pens that allow for precise and flexible writing and drawing. Different pen tips offer varied writing experiences, enhancing your interaction with the smart board.

Access Information Instantly During Meetings

IFP7504P's built-in browser empowers your discussions with real-time access to information, images, and videos. Bring ideas to life and make every meeting more engaging and insightful.

Smart Handwriting Recognition

Ideal for enhancing meeting productivity, the AI handwriting recognition on the IFP7504P instantly transforms handwritten notes into accurate, editable digital text. This feature eliminates manual transcription, making collaboration faster and more efficient.

Flexible BYOD Connectivity

With HDMI, USB, DisplayPort, and more, the IFP7504P enables easy BYOD (Bring Your Own Device) integration, allowing you to connect various devices seamlessly. Enjoy smooth compatibility and a fully integrated setup that enhances any workspace.
