Boost productivity with the Acer Chromebook Plus Enterprise 514. This Chromebook Plus laptop with Google AI features an Intel® Core™ processor¹, a 14" WUXGA display, and Gemini AI for smarter workflows. Built tough and always connected, it's ready for anything.

Effortless Power All Day Long

Powered by up to an Intel® Core™ 7 Processor¹, this Chromebook Plus handles multitasking and demanding tasks effortlessly, keeping you focused and productive at high speeds.

See Clearly, Work Efficiently

Enjoy a 14" WUXGA 16:10 display with 300-nit brightness and anti-glare, ensuring clear visuals even in bright settings. The optional touchscreen adds convenient, effortless navigation to enhance your work experience.

Google AI built in, with Gemini

ChromeOS has built-in AI features to help your team do its best work, with powerful writing tools to create compelling content, meeting features to always show up as a professional, and more.

Effortless Connectivity On-the-go

Designed for productivity, this Chromebook Plus offers a Quick Insert Key, optional backlit keyboard¹, 4G LTE¹, built-in fingerprint sensor¹, Wi-Fi 7¹, dual USB 3.2 Gen 2 Type-C, dual USB 3.2 Gen 1 Type-A ports, and HDMI port.

Crystal-Clear Calls and Audio

DTS Audio with dual speakers delivers immersive sound, while a triple-mic array and QHD¹ webcam minimizes background noise for crystal-clear calls, so you're heard loud and clear every time.

Ready to Withstand the Journey

Engineered with military-grade MIL-STD-810H durability and an aluminum top cover, the Acer Chromebook Plus is stylish, tough, and ready to withstand the demands of daily life, so you can take it wherever you go with confidence.
