Crystal clear, super slim

The Galaxy S25 FE Clear Case is only 1.0 mm thick — up to 17 % slimmer than the previous version. Its thin, transparent and easy to hold, keeping your phone safe without hiding your phone's stylish look.

Less scratches, less smudges

In addition to scratch-resistant coating, the Clear Case also features anti-yellowing and anti-fingerprint treatments to help ensure it remains pristine through drops, swipes and pocket rides.
