Model: SENSATIONIPHSE4K

Manufacturer: CELLULAR LINE

EAN: 8018080492624

Product Code: 863920

R1,127

SENSATION is the silicone case made from soft-touch material and a soft scratchproof microfibre interior lining that adheres perfectly to the design of your smartphone, while protecting its corners, edges and connectors. It's made with Microban® antibacterial technology which kills up to 99.9% of bacterial growth on the surface of the case and stays constantly active because it's built into the material of the Sensation case.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
