ROG Ryuo IV 360 ARGB

The ROG Ryuo IV 360 ARGB features a 6.67-inch AMOLED display with an innovative curved-screen design, enabling intuitive control through dedicated software to smoothly showcase 3D videos, customized content, or real-time hardware information. Cooling performance is driven by the upgraded Asetek Gen8 V2 pump, paired with ROG ARGB fans to deliver significantly advanced and stable thermal performance for high-end CPUs such as the AMD Ryzen™ 9000 and Intel® Core™ Ultra series.
