Seagate Desktop HDD 500GB 3.5" SATA II internal hard drive 7200 RPM 32 MB 3.5" Serial ATA II

Model: ST3500320AS

Manufacturer: SEAGATE

Product Code: 8659

R1,041 ~~R1,228~~

By combining proven components and state-of-the-art technology, the 11th generation Seagate Barracuda 7200.11 family delivers up to 1 TB of storage for your digital life.

Seagate has a proven track record of consistently delivering reliable products in volume, and the new Barracuda 7200.11 family is no exception. Designed with up to four platters and the only second-generation perpendicular recording technology in the industry, the Barracuda 7200.11 drive offers the ideal balance of world-class technology and value, providing customers with an optimal overall solution. The capacity, reliability and performance of this drive, along with its 5-year limited warranty, ensure the longevity of digital content for years to come.
