the empower bank or other devices• 70% Post-consumer recycled aluminum, plastic-free packaging

Enhanced durability

Introducing the empower by PanzerGlass® empower bank 10000 mAh – where performance meets dependability! This robust empower bank features a compact scientific design and rigorous materials selection, resulting in a total thickness of only 0.56 inches (14.3mm). Carefully designed to ensure longevity and durability, the empower Bank has been extensively tested, confirming it’s a reliable choice for everyday use.

empower me. Anytime. Anywhere.

With 15W magnetic Qi2 wireless charging and 20W USB-C output, it provides up to 160% extra battery for your devices. The empower bank charges on contact, allowing you to connect your device and automatically begin your wireless charging experience. And the best part? It's made from post-consumer recycled aluminum and features plastic-free packaging.

Efficient charging means you spend less time waiting and more time enjoying your devices.

We make extraordinary accessories that empower people to connect with friends, family, colleagues and technology every day.
