

Seagate Momentus 160GB 2.5" SATA internal hard drive 5400 RPM 8 MB 2.5" Serial ATA

Model: ST9160821AS

Manufacturer: SEAGATE

Product Code: 8670

R606 ~~R673~~

Momentus® 5400.3 hard drives incorporate perpendicular recording technology for maximum capacity, reliability and performance in demanding operating environments. Perpendicular recording technology increases capacity and reliability by storing data vertically instead of horizontally for maximum data density on the hard drive and reduced potential for thermal decay.

- 8-MB cache buffer
- Serial ATA interface
- Perpendicular recording technology for increased storage capacity
- Fast performance
- Whisper-quiet acoustics
