The Toughest of Its Kind

The TUF Gaming AS2000 PLUS is a portable high-performance M.2 NVMe® SSD with innovative cooling features to ensure ultrafast data transfers. It uses a USB-C® 3.2 Gen 2x2 connection to ensure compatibility with PCs, laptops, and the latest gaming consoles. It's been subjected to stringent tests to ensure your precious data is well-protected from everyday spills and knocks, and it comes bundled with NTI Backup Now EZ software for easy data backup and recovery.

IP68 Resistance

Equipped with an International Protection Marking certified rating, the AS2000 PLUS is able to withstand water submersion of up to 1.5 meters for a duration of 30 minutes. This exceptional feature guarantees the security and integrity of your SSD, safeguarding it against any potential damage caused by water, debris, or dust.
