

PATRIOT Viper PVP30 External SSD 1TB Type A+C

Model: PVP301TB28UDG

Manufacturer: PATRIOT MEMORY

EAN: 4711378420043

Product Code: 873412

R5,226

The Patriot Viper USB flash drive is designed to meet a range of data storage needs with its robust 1 TB capacity. Capable of achieving read and write speeds of 1000 MB/s, this flash drive ensures quick access to files and seamless data transfers. Its durable aluminum housing provides protection against physical wear and tear, while its vibration-proof feature adds an extra layer of reliability for users on the go. Operating within a range of 0°C to 70°C, the Patriot Viper remains functional in various environmental conditions, making it a dependable choice for both personal and professional use. The USB 3.2 Gen 1 / USB-C interface enhances compatibility with a wide range of devices, ensuring easy connectivity and accessibility wherever needed.
