

PATRIOT P400 V4 500GB SSD M.2 2280 PCIE Gen4 x4

Model: P400VP500GM28H

Manufacturer: PATRIOT MEMORY

EAN: 4711378421644

Product Code: 873417

R3,081

The Patriot P400 V4 is designed to elevate performance with its M.2 2280 form factor, making it a choice for high-speed internal storage solutions. This solid state drive (SSD) takes advantage of PCI Express 4.0 x4 (NVMe) technology, ensuring rapid data transfer rates that can handle intensive applications and multitasking with ease. Equipped with features such as thermal throttling, SmartECC, and a graphene heat spreader, this drive enhances data integrity and maintains optimal operating temperatures for sustained performance.

Operating within a temperature range of 0 °C to 70 °C, the P400 V4 is built to endure various environmental conditions. Its compliance with standards like FCC, RoHS, and UKCA reflects its reliability and commitment to quality. Upgrade your system's speed and efficiency with the Patriot P400 V4, a solid solution for gamers, professionals, and anyone looking to enhance their computing experience with substantial storage capabilities.
