PATRIOT Viper PV593 1TB M.2 2280 PCIe Gen5 x4 SSD

Model: PV593P1TBM28H

Manufacturer: PATRIOT MEMORY

EAN: 4711378430615

Product Code: 873467

R8,000

The Patriot Viper Gaming PV593 is designed for high-performance computing and gaming. This solid-state drive features an internal data rate of 14,000 MBps, ensuring swift data access and storage capabilities. With a compact M.2 2280 form factor, it is optimized for modern systems while utilizing the PCI Express 5.0 x4 (NVMe) interface for enhanced speed and efficiency. Features like dynamic SLC caching and thermal throttling help maintain optimal performance during intensive tasks. The inclusion of powerful error correction technologies, such as ECC and LDPC, adds an extra layer of reliability, making it ideal for gamers and professionals alike. Whether for gaming, content creation, or everyday computing, this drive provides a solution to meet various demands with efficiency and speed.
