

HP Z1 Tower G1i Intel Core Ultra 7 265 32GB 1x32GB 1TB Intel Graphics W11P 3YW

Model: B76S2ET#ABB

Manufacturer: HP INC.

Product Code: 874367

R50,753

The HP Z1 G1i workstation is designed to meet the demands of professionals seeking robust performance and reliability. Powered by a Core Ultra 7 processor with a clock speed of 2.4 GHz, this workstation offers the capability to handle intensive tasks efficiently, making it suitable for various computing needs. It is equipped with 32 GB of DDR5 RAM, ensuring smooth multitasking and responsiveness for complex applications.

In addition to impressive processing capabilities, the HP Z1 G1i features a 1 TB SSD that utilizes PCI Express 4.0 for rapid data access and storage. With its high-definition audio output integrated by Realtek, it provides an immersive audio experience. This workstation also offers multiple connectivity options, including USB-C, HDMI, and various USB interfaces, ensuring flexibility for various peripherals and devices, making it a solid choice for work environments requiring versatility and power.
