Colmi P86 Smartwatch (Silver)

Colmi P86 is a smartwatch designed for convenience, everyday comfort and functionality. It weighs only 40 grams, making it virtually imperceptible on your wrist - whether you're at work, training or relaxing. The built-in Always On Display gives you access to the most important information without having to wake up the device, and the rotating side button makes it easy to navigate menus. The watch offers more than 100 sports modes and monitors key health parameters. This is complemented by a wide selection of dials that can be customized to suit your style, including with your own photos.

Lightweight design and convenient operation

The smartwatch weighs just 40 grams, which translates into comfortable use even throughout the day. Thanks to the lightweight design, the watch does not compress or interfere with physical activity or sleep. The manufacturer also used a rotating crown, which you can intuitively scroll the

screen, change views and zoom in or out of content.

Easy-to-read display

The Colmi P86 features a 1.93" AMOLED display with a resolution of 368 x 448 px, allowing convenient and clear access to notifications and settings. It also features a wide 98% RGB color gamut, accurate color reproduction and a wide viewing angle (178°). In addition, the Always On Display feature allows the time and other information to be displayed at all times - without the need to raise your hand or touch the screen. Users also have access to more than 100 dial styles, including dynamic and interactive ones, as well as the ability to create a custom design with a favorite photo.

Monitoring health on a daily basis

The watch has an 8-channel heart rate sensor, a blood saturation (SpO2) sensor, and a function to measure stress levels. It also monitors sleep quality by analyzing the length and depth of your sleep, allowing you to better understand your own habits and improve your sleep hygiene. A menstrual cycle tracking function with reminders is provided for women.

Ready for a workout

With more than 100 sports modes, the watch can be tailored to almost any activity - from running and cycling to yoga or weight training. Thanks to precise sensors, it is possible to accurately track calories burned and progress in real time. It's a practical support for both those who train regularly and those who are just starting out.

Durable design

The watch meets the 1ATM water resistance standard, which means it can handle splashes, rain, etc. The built-in 400 mAh battery allows it to last up to 12 days in basic mode and up to 7 days with heavy use.

Features that make your day easier

The Colmi P86 offers a Bluetooth calling function, as well as the ability to receive notifications from your phone, allowing you to stay informed without reaching for your smartphone. There's also a music player, calculator, alarm reminders, phone camera control, games and a voice assistant. This makes the watch useful not only as a health and workout monitoring tool, but also as a practical companion in daily life.

Included

- smartwatch
- magnetic charging cable
- user manual
