QNAP TS-639 Pro Turbo NAS Tower 1 GB DDR2 0 TB

Model: TS-639 PRO

Manufacturer: QNAP

Product Code: 8857

R15,019 ~~R16,816~~

Modern business requires a secure, reliable, and high-performance data center to store important digital assets. To easily and securely back up, protect, and share the stored information are also essential to business productivity. QNAP TS-639 Pro is the new generation 6-bay model of the worldwide award-winning Turbo NAS Series, providing superior performance for massive data sharing, powerful all-in-one business server features, advanced RAID data protection, built-in iSCSI target service, AES 256-bit volume-based encryption, and rock-solid hot-swappable hard drive design for business.

Powered by Intel 1.6 GHz CPU, 1GB DDRII memory, the TS-639 Pro delivers superior performance for multiple business applications. Advanced RAID configurations, including RAID 0/ 1/ 5/ 6/ 5+Spare, JBOD, online RAID capacity expansion, and online RAID level migration are all supported.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
