

Mini PC Minix Z350 N350 16GB 512GB Windows 11 Pro

Model: Z350

Manufacturer: MINIX

EAN: 4897016412851

Product Code: 908579

R12,486

Minix Z350 N350 16+512GB Mini PC

MINIX Z350-0dB is a modern fanless mini PC that combines high performance with quiet operation. Equipped with an energy-efficient Intel® Core™ i3-N350 processor (up to 3.9GHz), 16GB of DDR4 RAM and a fast 512GB PCIe 3.0 NVMe SSD, it offers reliable performance for everyday applications - whether office, education or multimedia. Two HDMI 2.1 ports enable 4K video at 60 Hz, while Wi-Fi 6, Bluetooth 5.2 and 2.5G LAN connectivity ensure stable wired and wireless connections. With silent passive cooling, a compact, all-metal chassis and pre-installed Windows 11 Pro, the device is ready to go as soon as you boot it up.

Stable Intel® Core™ i3 processing power without performance drops

The Intel® Core™ i3-N350 processor used runs at up to 3.9 GHz and offers 8 threads and 8 cores, allowing you to seamlessly multitask simultaneously. The Intel® UHD Graphics chip provides efficient support for 4K content and video and graphics editing. Thanks to passive cooling, the computer maintains full computing power even during prolonged use, without throttling, i.e. reduced performance due to high temperatures. This is ideal for users who want stability and uninterrupted performance power in a compact form factor.

Memory and storage with great expansion potential

The MINIX Z350-0dB features 16GB of high-speed DDR4 3200 MHz RAM in SO-DIMM format and a 512GB PCIe 3.0 SSD for instant access to files and applications. It is possible to expand the data storage up to 4 TB via an M.2 NVMe connector and add a microSD card of up to 2 TB. Such a solution allows you to conveniently tailor the computer to your individual needs - both in terms of storage space and increased performance for working on larger projects.

Fast connectivity and a rich set of ports

The device offers modern communication solutions - dual-band Wi-Fi 6 (Intel® AX201), Bluetooth 5.2 and wired Ethernet 2.5G port guarantee fast data transfer and stable network connections. Two HDMI 2.1 ports allow you to connect two 4K monitors, while USB-A 3.2 Gen2 and USB-C 3.2 Gen2 (all 10 Gbps) ports allow you to connect modern peripherals. Also on board are USB 2.0 ports, a headphone/microphone combo jack and a TF card slot, giving users complete configuration flexibility.

Intelligent power management and automatic functions

The MINIX Z350-0dB is equipped with advanced power management features such as Wake-on-LAN, RTC Wake and Auto Power On. This makes the computer ideal for remote applications or industrial environments where reliability and remote control are critical. The user also has access to BIOS settings (AMI EFI GX4) to tailor the device's operation to specific operational needs.

Durable metal construction and reliability in all conditions

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

The computer's chassis is made of durable aluminum and SGCC steel, which not only supports efficient passive cooling, but also increases resistance to mechanical damage and electrostatic interference. Compact dimensions (120.8 × 132.7 × 42.9 mm) and compliance with the VESA standard allow easy installation anywhere - on a desk, behind a monitor or in an enclosed space. The device works stably in a wide range of temperatures (0-50°C) and humidity, and numerous certifications (CE, FCC, ROHS, WEEE, UKCA, PSE) confirm its quality, durability and compliance with international safety standards.

Included

- 1 x Mini PC
- 1 x adapter
- 1 x HDMI cable
- 1 x VESA mount
- 2 x dual-band antenna

Brand	MINIX
Type	Mini PC
Model	NEO Z350-0dB
Color	black
Material	All metal
Processor	Intel® Core™ i3-N350 processor (6M Cache (up to 3.90 GHz)
GPU	Intel® UHD Graphics
System	Windows 11 Pro (multi-language support)
Chassis	Metal case
Power requirements	12 V/3 A DC-IN
Power consumption	12 W (typical), 25 W (max)
Certification	FCC CE UKCA ROHS WEEE PSE

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

DDR memory	16 GB DDR4-3200 MHz (SO-DIMM)
DDR slot	1×DDR4 SO-DIMM (up to 16 GB)
SSD	512 GB M.2 2280 PCIe 3.0 x 4 NVMe SSD
SSD Slot	1×M.2 Slot 2280 PCIe 3.0 x 4 NVMe SSD (up to 4TB, not included)
TF slot	1× TF (MicroSD card) slot (up to 2TB, not included)
BIOS	AMI EFI GX4
Ethernet	1×RTL8125BG, 2.5 GbE (Gigabit Ethernet)
LED indicators	Power, LAN (active, status) LEDs
Wi-Fi/BT	M.2 2230 Intel® 802.11AX201 Dual-band 6 (2.4 GHz/5 GHz) WIFI card, BT5.2
Power button	Power button with white LED
USB Type-A	2 × USB-A 3.2 Gen2 (10 Gbps)
Audio jack	1 × audio output combo jack (headphones and microphone)
USB Type-C	1 × USB-C 3.2 Gen2 (10 Gbps)
TF card slot	1 × TF card slot (MicroSD card slot)
Reset button	1 × Reset button
DC power socket	1 × DC input (AC 100~240 V, output: 12 V□ 4 A, max. 48 W; connector: 2.5/5.5 mm)
USB Type-A	2 × USB-A 2.0 (480 Mbps)
RJ45 Ethernet	1 × RJ-45 2.5G Ethernet port (2500 Mbps)
HDMI output	2 × HDMI 2.1 TMDS ports (supports 4K@60Hz)
Operating temperature	0 ~ 50°C at 5 ~ 85% relative humidity
Storage temperature	-20 ~ 70°C
Relative humidity	10 ~ 95% RH at 40°C/104°F, non-condensing
Product size	120.8 x 132.7 x 42.9 mm
Package size	175 x 230 x 72 mm
Product weight	898g
Package weight	1643,5 g
