The Lenovo ThinkPad T16 Gen 4 is designed for professionals seeking reliable performance and advanced features. With a powerful Intel Core Ultra 7 processor, this notebook is equipped with 8 cores for efficient multitasking and enhanced productivity. Its 16-inch WUXGA LED display offers a clear and vibrant viewing experience, complete with an anti-glare feature that ensures visibility in various lighting conditions. The 87.22% screen-to-body ratio enhances immersion and allows for a larger display area in a compact frame.

Security is paramount with integrated features such as a fingerprint reader and a Discrete Trusted Platform Module (TPM 2.0) security chip. In addition, the dual-array microphone with 360° far-field
