

Samsung B1630N computer monitor 39.6 cm (15.6") 1360 x 768 pixels Black

Model: B1630N

Manufacturer: SAMSUNG

Product Code: 9458

R1,094 ~~R1,219~~

The Samsung B1630N monitor offers a fresh, fun, and fashionable break from traditional design convention. Its technological innovation, sensational style, and user-friendly features make it stand out from the crowd. With a screen that is ideally suited for all types of multimedia entertainment and first class picture quality, they turn leisure into pleasure.

Magic Eco: Control brightness, conserve energy.

Magic Eco makes saving energy easy. It adjusts Samsung monitor's brightness based on how much energy you want to save. You have four energy saving options to choose from: 100%, 75%, and 50% power consumption as well as 'power saving off'. If Magic Eco is turned off, you still enjoy the option of using Samsung's Magic Bright feature, engineered to let you manually adjust the screen's brightness. Take the effort out of saving energy and take control with Magic Eco.

High Dynamic Contrast: Get into the details

The differences make all the difference. That's why the Samsung ultra-high 50,000:1 Dynamic Contrast ratio automatic backlight adjustment creates deeper, more dramatic dark tones and brighter, more striking light tones. Now you can enjoy images that echo reality with rich, vivid colour and brilliant natural intensity. When it comes down to the details, conventional monitors simply pale in comparison.

Perfect high speed performance

It's not an illusion, each Samsung monitor's 8-millisecond response time makes faster, clearer images a reality. No matter how quick the action gets, this monitor keeps up with the scene, delivering stunning, seamless motion imaging that enhances your movie viewing, game playing and internet streaming experience. There's no juddering, blurring or ghosting, just smooth viewing that you can totally immerse yourself in. With Magic Speed, finally magic you can believe in.

Magic Return: A monitor that takes the initiative to share.

With Samsung's Magic Return you never have to worry about your second monitor losing content. If the cable disconnects and the signal disappears, Magic Return automatically transfers the content from that screen to the other monitor before turning off. There's no magic here. We just have content sharing down to a science.

Low Power Consumption

Stand by power 0.3W : Low Power Management Scaler used : 70mA→ 3mA.

IP Board no load optimised design: 0.3W. Consumes less power at Standby mode.

The Smart Size.

Why should seeing the whole picture be a stretch, or for that matter, a distorted facsimile of the original? With Samsung's intelligent adjustable image size function, you'll be able to enjoy images exactly as they were intended, by portraying standard sized content in its original format, on a wider screen.

One Touch Control: Customise Your Control.

Samsung's innovative custom key feature puts enhanced entertainment at your fingertips, literally.

By allowing you to assign your favourite function to the customised key, your favourite features are accessed in a flash. Will your customised key bring you Magic Bright, Magic Colour, Colour Effect, or the Image Size function? The beauty is, you decide.

Easy Connection

Cable connection easy by Connection port layout. Other products plug in vertically, Samsung allows lateral plug in

Magic Angle: Reduce eyestrain. Enhance your viewing experience.

How do you like to watch movies? Do you like lying down on the couch? Sitting in your favourite chair? Cooking or exercising? Whether you're standing, sitting or lying down, Samsung's Magic Angle makes sure that the movie always takes center stage. And that you're always comfortable.

Wherever you place the Samsung monitor, its 5-mode angle management allows you to extend its viewing angle so the screen always appears as if viewed face-on. So stop craning your neck and start enjoying the movie.

Feel the Effects of Colour

Enhance images your way using Samsung's advanced ColourEffect feature. Open your eyes to a completely customized viewing experience as you play with photographic effects that match your mood. Choose from Aqua, Sepia, Green and Grayscale to interact with your display in a whole new way – namely, yours.

Goes Off by Itself.

Samsung Monitors aren't just high performers. They're eco-friendly, efficiency experts as well. The automatic off timer allows users to save energy by setting the monitor to turn itself off at a specified time. As an added benefit, this ensures optimal performance for lasting reliability and extended life.

Wall Mount Supported

Can be set to diverse positions, on the wall or arm stand, based on your environment.

The elegant and modern design will enhance the décor of any room in your home or office.
