Double transmits better.

Your USB flash drive with dual interface.

Two connections: USB-A and USB-C. The perfect data bridge between smartphones, tablets, computers, laptops and TVs. The powerful Intenso USB Twist Line stick achieves transfer rates of up to 70 MB/s thanks to the USB 3.2 Gen 1×1 interface. Transfer your documents, music, photos and other important files quickly and easily between your USB flash drive and compatible smartphones or tablets that support USB On-The-Go (OTG) – without the need for an additional app. The compact USB flash drive Twist Line in an aluminium housing is available in various capacities.
