R866

Efficient performance with high-capacity options

The affordable, high-performance Lexar® JumpDrive® V100 USB 3.0 Flash Drive allows you to quickly and easily store and transfer your favorite photos, videos, and files on the go.

Quickly store and share your content

With so much to do during your busy day, transferring your content should be the least of your worries. The Lexar JumpDrive V100 leverages USB 3.0 technology for fast file transfer so you can get back to your work in a flash. And for added versatility, the drive is backwards compatible with USB 2.0 devices.

Protection on-the-go

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

The drive comes with a protective cap design to keep your data safe from the elements. It also features a lanyard loop, so wherever you go, your information goes with you.

Store it all with a wide range of capacities

Available in 32/64/128GB—it's easy to store more of your data in one place.

Rigorously tested

All Lexar product designs undergo extensive testing in the Lexar Quality Labs with more than 1,100 digital devices, to ensure performance, quality, compatibility, and reliability.

- Leverage USB 3.0 technology for fast file transfer
- Easily transfer, store, and share important files
- Carry your photos, music, video and more
- Backwards compatible with USB 2.0 devices
- Compatible with PC and Mac® systems
