

LANBERG Switch rack 19inch RSFE-24P-2C- 250 24x 100Mb PoE+ 2x Combo Gigabit 250W

Model: RSFE-24P-2C-250

Manufacturer: LANBERG

EAN: 5901969440300

Product Code: 950463

R2,845

The Lanberg RSFE-24P-2C-250 is a switching solution designed to support robust networking applications. With 24 ports of 10Base-T and 2 combo Gigabit SFP/RJ-45 uplink connections, this switch provides flexibility and scalability for your network demands. The PoE+ functionality allows for power delivery of up to 30 W per port, ensuring that connected devices function without the need for additional power sources. Constructed with a sturdy metal housing, this switch adheres to IP20 standards offering durability in various environments. Conforming to multiple standards including IEEE 802.3u and IEEE 802.3af, and with a switching bandwidth of 8.8 Gbps, it meets the requirements for fast data transmission. Other features include 4 KV surge protection, a MAC address table size of 8K entries, and a packet buffer of 4 Mbit to enhance performance in data-heavy environments.

Product Description: Lanberg - switch - 26 ports - unmanaged - rack-mountable | Device Type: Switch
