

Samsung SH-S223C optical disc drive Internal Black

Model: SH-S223C/RSBF

Manufacturer: SAMSUNG

Product Code: 9527

R248 ~~R271~~

Samsung 22X SpeedPlus™ Serial ATA LightScribe Internal DVD Writer

- SpeedPlus™ powerful over-speed technology for 22X writing
- direct disc labeling: LightScribe
- S.A.T (Speed Adjustment Technology)
- Eco-product: RoHS compliant

Samsung 22X SATA DVD Writer supports powerful over speed performance which allows writing with the high speed of 22x on a low cost 16x media. Our aerodynamic frame design helps to reduce the acoustic noise. You will be amazed how quiet when the drive is running. Direct laser labeling on the surface of disc is available.

DVD-R Write: 22x (29.7MB/sec).

DVD+R Write: 22x (29.7MB/sec).

SpeedPlus™ powerful over-speed technology for 22X writing

- Powerful over-speed support.
- Low noise and vibration control system for high speed.
- Optimised algorithm for fastest speed.

S.A.T (Speed Adjustment Technology)

Diverse quality discs in the market. But just click to burn with no worries when you use Samsung - WriteMaster™ Smart enough to write in the most optimised speed for the disc automatically.

Tilt Actuator Compensation Technology (T.A.C.T.)

For reliable writing in all areas of the disc. Give an accurate tilt in the objective lens to compensate the disc twist.

direct disc labeling: LightScribe

Direct Disc Labelling technology burns labels directly onto your CDs and DVDs with laser-etched precision, using the same disc drive that burns. Burn, flip and burn.

Eco-product: RoHS compliant

- Minimum usage of environmentally harmful materials to preserve our environment.
- All Samsung ODD products are RoHS compliant since 06 July.
- RoHS = Restriction Of the Use of Certain Hazardous Substances (-Pb, Hg, -Cd, Cr6+, PBBs, PBDEs).
