Product Code: 953402

R9,301

HOTWAV TAB R9 Ultra 5G tablet (red)

The HOTWAV TAB R9 Ultra is the brand's first rugged 5G tablet, which confidently combines an armored design with top performance and multimedia capabilities. It has been designed for field workers, travelers, technical services, and anyone who needs equipment that is resistant to water, dust, and drops, while also being fast and ready for 5G. A powerful 20080 mAh battery, an 11-inch 2K 120 Hz screen, and a wide range of features make this tablet perfect for special tasks, both at work and outside of it.

Smoothness and readability in all conditions

The front of the tablet features an impressive 11-inch 2K display that impresses with its image detail and very high smoothness thanks to a 120 Hz refresh rate. This screen works well for working with documents or maps, as well as for entertainment, games, and watching movies. A brightness of up to 450 nits ensures excellent readability even in very bright environments, which is extremely

important when using the tablet outdoors. Support for Widevine L1 allows you to watch content from VOD platforms such as Netflix or Amazon Prime Video in high quality.

Full support for 5G

At the heart of the HOTWAV TAB R9 Ultra 5G is a 6-nanometer UNISOC S713 octa-core processor with 5G support. This unit achieves a clock speed of up to 2.3 GHz and works with the Mali G57 MC2 graphics chip with a frequency of 850 MHz, ensuring very good responsiveness, smooth application operation, and stable performance even with more demanding tasks. The use of UFS 3.1 memory translates into fast system and application startup, while support for HDR10+ and 4K video recording emphasizes the multimedia nature of the device. Intelligent resolution management and variable refresh rates further optimize power consumption without compromising image quality.

Freedom of data storage

The tablet is equipped with as much as 24 GB of RAM, of which 8 GB is physical memory and an additional 16 GB is available as virtual memory to support the system under heavy load. This solution makes multitasking, working on multiple applications simultaneously, and using advanced tools extremely smooth. You also have 512 GB of internal memory at your disposal for files, photos, and applications, which can be further expanded with a microSD card with a capacity of up to 2 TB.

Power that knows no compromise

One of the biggest advantages of the HOTWAV TAB R9 Ultra 5G is its powerful 20080 mAh battery. Such a large battery provides up to 3000 hours of standby time, making the tablet ideal for long trips, field work, or use without constant access to a power source. Support for 20W fast charging significantly reduces the time needed to recharge, despite the impressive battery capacity.

Advanced camera system and night mode

The tablet is equipped with an extensive set of cameras that sets it apart from other devices in its class. The main 64 MP rear camera allows you to take detailed photos and record high-quality video. An additional 20 MP Night Vision camera allows you to capture images in very low light conditions, which is especially useful when working at night or in enclosed spaces. On the front, there is a 16 MP

camera, ideal for video conferencing, video calls, and selfies. The whole thing is complemented by an underwater mode, which takes advantage of the device's rugged design and allows you to take photos and record videos underwater.

Ready for extreme conditions

The HOTWAV TAB R9 Ultra 5G meets the rigorous IP68 and IP69K standards, which means it is fully resistant to dust, immersion in water, and high-pressure hot water jets. In addition, the device meets the MIL-STD-810H military standard, confirming its resistance to shocks, drops, and extreme temperatures. The tablet is designed to work where classic devices fail. Operation in difficult conditions is facilitated by the glove mode, which allows you to use the touch screen even with thick work gloves.

Functional accessories for comfortable work

The tablet comes with a sturdy, flexible aluminum stand that allows you to conveniently place the device on a desk, table, or in the field without having to hold it in your hands. The rear wrist strap increases carrying safety and comfort, especially when working on the move. An additional distinguishing feature is the powerful camping flashlight, which is useful at night, in the workshop, or during outdoor trips.

Fast connectivity and precise navigation

The tablet supports dual 5G SIM cards, providing fast internet access wherever you are. Dual-band Wi-Fi (2.4G and 5G) guarantees a stable wireless connection, and an extensive set of satellite navigation systems – GPS, GLONASS, Galileo, and Beidou – enables precise positioning even in demanding terrain.

Android 15.0 and practical field applications

The HOTWAV TAB R9 Ultra 5G runs on Android 15.0, offering a modern interface, high security, and compatibility with a wide range of applications. In addition to standard system functions, the tablet is equipped with dedicated applications such as Camping Light for operating a super flashlight and Toolbag, a set of digital tools including a compass and spirit level. These solutions increase the

functionality of the device when working in the field and during outdoor activities.

Included in the set

- tablet
- 3A data cable
- OTG cable
- charger
- colored protective film
- user manual

Manufacturer	Hotwav
Model	R9 Ultra 5G
Color	Red
Processor	Two Arm Cortex-A76 cores up to 2.3 GHz + Six Arm Cortex-A55 cores up to 2.1 GHz
GPU	Arm Mali-G57 2 cores, up to 850 MHz
Operating system	Android 15.0
Process technology	6nm
Video encoding	4K 30 fps
Video decoding	4K 30 fps
RAM/ROM	8 GB + 512 GB
Expandable memory	16 GB
T-flash card	Expandable up to 2 TB
2G network	B2/B3/B5/B8
3G network	WCDMA: B1/B2/B4/B5/B8

4G network	TDD: B38/B39/B40/B41, FDD: B1/B2/B3/B4/B5/B7/B8/B12/B17/B18/B19/B20/B26/B28A/B28B/B66
5G network	n1/2/3/5/7/8/20/28/38/40/41/66/77/78
SIM	Dual SIM / Nano
Dimensions	269.6 x 182.0 x 17.8 mm
Weight	1066 g
Protection level	IP68/IP69K
Construction	Double-molded TPU
Display size	10.95 inches
Display type	INCELL
Resolution	FHD+ (1200*1920)
Refresh rate	60/90/120Hz
Pixel density	207
Screen brightness	Minimum 400 cd/m2, standard 450 cd/m2
Touch panel	INCELL
Glove mode	Supported
Display material	Corning glass (Gorilla Glass 3)
Screen ratio	14.5:9
Contrast	1500
Front camera	Sensor: S5K3P3 / Resolution: 16M (4632*3480) / Optical size: 1/3.09 inch / Aperture: 2.0 / Optical image stabilization: No / Wide angle: 77.5° / Algorithms: Beautification, Virtualization, Portrait / Focus type: FF
Rear main camera	Sensor: OV64B40 / Optical size: 1/2 inch / Resolution: 64M (9248*6944) / Aperture: 1.8 / Optical image stabilization: No / Wide angle: 80° / LED flash: Yes / Algorithms: Beautification, Virtualization, Portrait, HDR, Night shot / Focus type: PDAF
Rear auxiliary camera	Functions: camping camera, night vision / Sensor: TMX350-AAMH5-C / Resolution: 20M / Aperture: 2.2±5% / Optical image stabilization: No / Wide angle: 77° / Focus type: AF

Camping flashlight	Power: 6W / Endurance (operating time): 14H / Luminous flux (Lumen): 350 lumens
Battery capacity	20080 mAh (nominal capacity: 4600mAh*4, 18400mAh)
Charging frequency	20W
Battery material	Polymer
Voltage	4.45V
Standby time	3000H
Talk time	100H
Music playback time	1000H
Interface	TYPE-C
USB protocol	USB2.0
Face unlock (Face ID)	Supported
GPS	GPS+BEIDOU+GLONASS+Galileo
Wi-Fi	WIFI 5 (802.11a/b/g/n/ac)
WLAN	2.4+5G
WLAN hotspot	Supported
Bluetooth	BT 5.0
OTG	Supported
G-sensor (gravity sensor)	Supported
Compass (magnetic)	Supported
Geomagnetism (magnetic sensor)	Supported
Fast charging	Supported
Sound amplifier	Supported
