Our screen protector offers maximum protection with full functionality for your iPad 10.9". Our ultra-thin tempered glass coating makes it virtually invisible.

The special coating provides a very smooth surface, which does not allow bacteria to adhere easily. The design of the glass, which is 100% adapted to the cutouts, ensures worry-free operation of the camera.

With our innovative anti-fingerprint coating, your display always stays nice and clean and is just as easy to clean.

Combines electrostatically for easier and residue-free removal.
