- Seagate® Smart Align™ technology for a simple, utility-free transition to the new Advanced Format 4K sector standard
- Self-Encrypting Drive (SED) models, including FIPS 140-2 Validated SED for US-government-grade security*

* Not available in all countries. TM: The FIPS logo is a certification mark of NIST, which does not imply endorsement by NIST, nor by the US or Canadian governments.

Data protection for dropped laptops

Optional Seagate G-Force Protection technology helps protect the data stored on your Momentus hard drive if you drop your laptop.

Easy migration to Advanced Format

Select Momentus laptop hard drives include Seagate SmartAlign technology. This innovation provides easy access to all the benefits of the new Advanced Format 4K sector standard — no utilities, no extra steps.
