Fast, secure, and wireless backup & download between your PC and mobile devices. Transfer files, photos, videos, and more between your PC, Android, and iOS device faster and easier than a cabled connection. You can make these files accessible to your family or team members, or you can also make files as private as you want. The decision is in your hands.

Opportunity To The World for Your E-Commerce / M-Commerce

It is indispensable to have a stable data & information platform for your growing E-commerce/ M-commerce.

Ready For Various Scenarios

We always focus on how to improve the efficiency, stability and flexibility for users in any kinds of situations.

Reversible Type-C With USB 3.2 Gen 2

When backup your projects at home you can get all the performance benefits from USB 3.2 Gen 2, combined with the convenience of the reversible USB Type-C connector and a fast USB 3.2 Gen 2 Type-A port.

COM Port Device Support

With a COM port and USB ports it will let you fully connect to your POS devices such as barcode scanners, receipt printers and many more.

The COM port can also communicate with the programmable logic controllers (PLCs) or with other module such as operator/HMI, motor controller, a robot or vision system in the intelligent factory.

VESA Mountable Design

The VESA Mountable design allows you to hook up PRO DP21 anywhere you like that not only improves the flexibility while working with it but also let users have a good space management at home or in the office.

Various I/O Ports

With a various array of I/O ports, it can connect all devices you need at the same time so you can
