R2,794

Smart, sensible, comfortable.

The Lenovo D27-40 Monitor is an impressive home office monitor that can double as your gaming and entertainment machine. Get an expansive view of your work documents, favorite web series, and addictive games on the bigger 27-inch 3-side NearEdgeless VA panel. From wherever you look at the screen, you see the consistency in the imagery without washed-out colors – thanks to the 178°/178° wide-viewing angle. The monitor's 72% NTSC color gamut offers vivid and captivating colors. Spot the finer details in spreadsheets or movements in gameplay with its FHD (1920 x 1080) resolution. The Lenovo D27-40 Monitor's 75Hz refresh rate and 5ms response time arm you with the speed to strike first. Matching the refreshing rate with the screen frame rate, AMD FreeSync™ technology* prevents your screen from stuttering and tearing in the middle of a game. Your eyes are shielded from harmful blue light by the monitor's Natural Low Blue Light technology as you

work or game for long hours. Seamlessly connect your laptop, PC, and speakers/headphones to the monitor through its HDMI, VGA, and audio-out ports. Adjust the monitor with just a tilt as you set it according to your ideal seating posture. The VESA Mount support comes in handy to further enhance your comfort by giving you more working space. You can bundle the wires and tuck them at the back of the monitor with its integrated cable management system for a tidy setup. After a long day's work, boot up the Lenovo D27-40 Monitor and get your A-game on!
