and ghosting, thanks to the monitor’s lightning-fast 250Hz (Overclock from 240Hz) refresh rate and 0.5ms (MPRT) response time and enjoy a competitive advantage in all fast-paced games. The monitor supports AMD FreeSync™ Premium technology and Adaptive Sync for smooth and tear-free gameplay so you can bask in pure action. Binge on gaming without straining your eyes as built-in Natural Low Blue Light technology filters out harmful blue light with zero color distortion. With Lenovo Artery Software you can customize your display preferences and sharpen your game with tools that include gaming dashboard, frame rate, aim point, and timer to optimize performance. You can also place your phone in the integrated phone stand, allowing it to be viewed easily at a glance. Set up a comfortable gaming position with the four-way adjustable ergonomic stand with lift, tilt, pivot, and swivel functions. This monitor wins on environment friendliness as it uses recyclable material in its design, comes packaged in recyclable paper pulp packaging. Trounce the competition in all competitive games with the Legion Y27qf-30 Monitor.
