Thanks to the improved mechanical design, it can be installed in various ways, whether as a single unit or as a truly transparent wall, to fit existing structures and spaces. Place this product in your dream space to enhance openness and aesthetics.

Convenience of Installation & Stability

This product offers ease and stability during installation thanks to its metal borders and structure. In other words, the metal border applied to the bezel areas enhances the product's rigidity.

Additionally, M4 (screw type) holes, which are widely used globally, are incorporated into all rear corners to facilitate installation.

Usage Scenes

Experience the marvel of LG's state-of-the-art Transparent OLED Signage, designed for use in various spaces. This product breaks down the barriers between the screen and reality, seamlessly connecting different spaces, objects, and people.
