58:9 Extended Wide Format

It is a unique wide screen with 58:9 bar type which provides much more flexibility in playing content* than the conventional display of 16:9 ratio.

Ultra HD Resolution (3,840 x 600)

Ultra HD resolution delivers an immersive viewing experience with vivid colors and clear images.

Multi Screen Mode with 4PBP

The Picture-by-Picture (PBP) feature allows you to show multi content in one single display by up-to four parts. It is very useful and convenient to deliver various advertisements or pieces of information at the same time without calibration.

Tiled Scene with Immersive View

The 86BH5F can show a tiled scene by up to 15 × 15 configuration. This will be the best choice if you want to use a large screen, or provide visual impact to your customers in a different way.

IP5x Certified Design

The IP5x Dust-Proof Certification ensures that the product is completely protected from dust, eliminating the risk of performance degradation.

User-Friendly UX

The 86BH5F is equipped with a user-friendly UX to simplify approach flows, groups similar functions together, and adopts an intuitive GUI for ease of use. When using the display in portrait mode, OSD* can also be adjusted accordingly.

LAN Daisy Chain Management

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

By using this daisy-chained network feature, you can execute commands such as controlling, monitoring and even updating firmware.

Real-Time Monitoring with LG ConnectedCare

Easier and faster maintenance are available with our optional cloud service solution LG ConnectedCare*. It remotely manages the status of displays in client workplaces for fault diagnosis and remote-control services, ensuring the stable operation of clients' businesses.
