Impress shoppers with stunning digital signage that is both interactive and informative. While most displays look blurry from up close, the 4K UHD resolution of the IL01 Series will always show your content in fine details.

A safer way to engage

The IL01 Series displays come with germ-resistant screens coated with a proprietary nano-ionic silver formula, which ensures long-lasting protection against common germs. Its 99.9% efficacy is certified by TÜV Rheinland.

Attract more attention

With 4K UHD images, an anti-glare screen, 9H tempered glass, and a smooth touch experience, the IL01 Series is the ultimate interactive signage solution for any business.

Crystal clear images

The 4K UHD 400 nit display comes with an anti-glare screen that guarantees bright and detailed images, making the IL01 Series a perfect fit for any indoor setting.

Stunning content in any way

Display the IL01 Series in landscape or portrait mode to get the best fit for your business. Its 1.66 cm slim bezel looks elegant and sleek no matter where it's placed.

All-in-one digital signage solution

Attract, inform and engage customers with a display that comes with a built-in OS, wide-reaching speakers and the freedom to showcase your brand without the need for any peripherals. Run promotions directly from X-Sign, play content straight from a USB drive or display your website in Kiosk Mode.

Effortless content creation

Choose from a growing gallery of digital signage templates to easily create interactive content for your brand, and receive access to Pantone digital colours for true-to-life images.

Centralised management and deliver

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. Manage all your content remotely with X-Sign. You can easily schedule promotions on multiple displays and receive usage reports to better understand customer preferences.

Convenient display management

Managing your displays has never been more convenient. BenQ's ecosystem makes it easy for you to monitor and update all your devices at any time, from any location.

Centrally manage all your displays

Manage all your BenQ displays from the comfort of your desk with BenQ Device Management Solution (DMS). Install apps, monitor devices and update multiple displays at a time.

Always up to date

Ensure all your BenQ displays are equipped with the latest features and security patches with Over-the-Air (OTA) updates.
