LG KT-T75E touch screen overlay 190.5 cm (75") Multi-touch USB

Model: KT-T75E

Manufacturer: LG ELECTRONICS

Product Code: 96916

R44,239

Clean Touch Experience

LG proprietary touch technology can draw clean and accurate diagonal lines through controlling multi-touch gestures in great precision. Clean multi-touch experience with IR Spread is based on our in-house IR-Spread technology which provides better accuracy compared to conventional IR Matrix.

Multi Touch Experience

It provides a more realistic sense of touch since it can recognize up to 10 point-touches at once. Various touch-based customer services can be provided through the screen so that consumers will have unforgettable shopping experiences.

Slim Design for a Sleek Look

With slim bezel and depth, KT-T series is designed to fit compatible displays and provide better touch accuracy. This way, the display maintains its sleek and clean look even when multi-functions are added on.

Simple Installation

Just a few screws and brackets are needed to attach a touch overlay kit be to the display. With low cost and minimal effort, your display can have the added value of touch performance.

Application

By adding touch values to standard displays, the utilization possibilities expand to a surprising variety of places. Wherever the KT-T series is installed, its two-way communication maximizes user engagement as well as user convenience.
