

Samsung LH55VHTEBGB Direct view LED (DVLED) Indoor

Model: LH55VHTEBGBXEN

Manufacturer: SAMSUNG

EAN: 8806090705151

Product Code: 96953

R61,956

Always-on, space-saving solution with extreme-narrow bezels

See an immersive and dependable viewing experience, 24/7 with Samsung's VHT-E series. The display's slim depth and 700 nit brightness ensures highly visible images and legible messages in a wide range of locations from shopping malls to lobbies, meeting rooms, control rooms and more.

Transform any space with high impact visuals

The slender design and 70.4mm cabinet depth provide flexibility for installation and an extreme-narrow 1.8mm bezel-to-bezel width creates a seamless picture opening endless possibilities for designing a captivating visual experience.

View content from any angle

Wide viewing angles mean content is easily visible even if viewers aren't standing directly in front of the display. Audiences can get clear details and vivid colors regardless of where the screen is located.

Vibrant images in any light

Non-glare panels evenly distribute light across the screen to maintain vibrant and accurate content. Combined with a high contrast ratio and 24/7 operation, visuals are vivid and eye-catching any time of the day or night — regardless of ambient light.

Image enhancement

Samsung's powerful picture enhancement technology ensures all content is vibrant and clear. With Picture Enhancer mode, color saturation and contrast are improved by adjusting the gamma curve. Using Black Equalizer mode, dark images are lightened, making details easier to see.

Comprehensive calibration to fit your needs

Multi-step factory tuning provides uniform brightness and color. Users can also fine-tune advanced settings with free powerful Color Expert Pro software. For quick and simple calibration, Color Expert Pro Mobile enables white balance adjustments for displays up to 5x5 using a mobile camera.

Advanced presentation, simplified operation

Utilizing daisy chain design through DisplayPort 1.2 or HDMI ports enables the display to present UHD content on multiple screens without an external graphic card. Samsung's UHD Signage Player Box streamlines functionality by combining the media player and content management software.

Industry standard certified

IP5x certified, the VHT-E series is dust-resistant and able to withstand a range of environmental conditions without needing to prepare additional enclosure. The display packaging also passed a rigorous 4-step test in an ISTA-certified laboratory designed to minimize possible damage during
