**EDLA Certification**

**Seamless access to Google services**

As a Google EDLA certified interactive display, the WAFX-P comes with Google apps and services. It supports Google Play and delivers a streamlined experience designed to enhance education and collaboration.

**All-in-One Video Call System**

**Built-in features for frictionless communications**

With WAFX-P, starting a remote class or video conference requires no extra equipment or setup. The built-in 48MP camera keeps the speaker in view with Auto Framing, while the microphone captures voices within a 10-meter range, and dual 20W speakers and a built-in woofer deliver powerful audio.

**AI Write & Search**

**Write. Circle. Search smarter**

Seamlessly transition your handwritten notes into the digital world. With WAFX-P's embedded AI and digital ink recognition, simply circle handwritten notes on the screen and tap the search icon to access web results, images, and more - all without typing.

**Screen Sharing**

**Smart, wireless sharing on multiple devices**

WAFX-P supports screen sharing from up to 9 devices simultaneously, regardless of OS. Content can be shared between the main display and personal devices, maximising engagement and inclusivity.

**Live Caption**

**Make content accessible for everyone**

Make audio and video playback easier to follow for everyone. With built-in Live Caption on, WAFX-P automatically generates on-screen captions for content with audio features—supporting accessible learning and better engagement across various environments.
