Ultra-compact yet Powerful Business Center

Experience faster application rendering in this powerful yet compact business center.

Maximize Space with the Versatile PRO DP21 Series

The PRO DP21 Series is ideal for compact spaces, featuring a 2.3-liter chassis.

It can be mounted behind a monitor or on a wall, freeing up desk space and creating a tidier workspace.

Reliable Choice for Business

Ensuring top quality is not just a catchphrase for us; it is our utmost priority to deliver a hassle-free and high-quality product.

Optimized for Versatility & Convenience

Streamlining operations to achieve maximum productivity with minimal wasted effort or expense.

Easy to Upgrade Design

Users can easily upgrade two DDR5 SO-DIMM, one M.2 SSDs, or two 2.5” HDD/SSD by disassembling the cover.

This makes PRO DP21 an even more flexible desktop and also reduces the time wasted on upgrading.

Environment-friendly Materials

By utilizing green materials like post-consumer recycled (PCR) plastic and sourcing renewable energy for our factory, we ensure the durability of our products and demonstrate a strong commitment to creating a greener world.

Built for Sustainability

The PRO DP21 14MQ Series blends business-centric design with environmental responsibility - an embodiment of MSI's dedication to sustainability. By utilizing green materials, PCR (Post-Consumer Recycled) plastic, we ensure not only the products' durability but also a commitment to a greener world.

Our commitment extends to incorporating sustainable materials in both our product design and packaging, protecting the earth through our actions. The PRO DP21 14MQ Series embodies sustainable value and heightened productivity.

Sustainably Sourced Wood Pulp with FSC Certification

FSC-certified cartons are made from sustainably sourced wood pulp, ensuring responsible forest management. This certification guarantees that the materials are renewable and low-carbon, promoting environmental sustainability.

By using FSC-certified cartons, MSI supports sustainable practices and contributes to the preservation of forests for future generations

41.5% Post-consumer Recycled (PCR) Plastic

The PRO DP21 14MQ Series contains 41.5% PCR plastic, reducing plastic waste sent to landfills and contributing to environmental conservation.

Renewable Energy - Solar and Wind Power

MSI has installed solar panels on the entire factory roof, resulting in a 64.53% reduction in TCO2e compared to the data from 2021.

Additionally, by purchasing wind power, the factory now uses renewable energy for 92% of its energy needs. This demonstrates MSI's commitment to environmental protection and sustainable development.

Various I/O Ports

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice.
