Truly powerful, totally portable

Built for the modern on-the-go professional, the Lenovo ThinkPad P16 Gen 2 (16" Intel) is a power-packed mobile workstation and desktop in one. Fueled by the latest Intel vPro® with 13th Gen Intel® Core™ HX series processors, it boasts a unique daughterboard that supports NVIDIA® RTX™ and Intel® Arc™ Pro discrete graphics. What's more, it has a dual vapor chamber for advanced cooling, plus an Ultra Performance Mode to zip through the most resource-intensive tasks.

Configure it your way

For those that demand extra power, the ThinkPad P16 Gen 2 (16" Intel) supports blazing-fast memory and high-performance storage. With power supply support of up to 230W, this mobile workstation can be configured to meet any need. And for the ultimate in connectivity, it has multiple ports for all your peripherals, as well as a range of WiFi options to keep you in the loop wherever work takes you.

It's all in the details

The ThinkPad P16 Gen 2 (16" Intel) has a backlit, spill-resistant keyboard with full a numeric keypad, making typing and number-crunching from anywhere easier, and safer. It also comes with Dolby Atmos® and Dolby Voice®, delivering superb audio. And with the optional FHD Hybrid IR camera, the human presence detection feature will alert you of potential shoulder-surfers.

Reliable & sustainable

Creators, designers, developers and other professionals can rest easy with the ThinkPad P16 Gen 2 (16" Intel). It has been MIL-SPEC certified and passed more than 200 quality checks to ensure that it
