The Manhattan 5-Port Gigabit Ethernet Switch is perfect for home office or entertainment system use, as well as many small office applications. Small, powerful and reliable, this Gigabit Ethernet Switch is easy to install and connects up to five Ethernet-ready devices - computers, gaming systems, network printers, media streamers, network attached storage, Smart TVs ... you name it - at speeds of up to 1000 Mbps (1 Gigabit) over standard Cat5e or Cat6 Ethernet cables.

The auto features of this switch make installation plug and play and hassle free. Plus, it has Green Ethernet technology, allowing it to monitor power usage and turn off unused ports to save electricity.
