

Zyxel XGS1250-12 Managed 10G Ethernet (100/1000/10000) Grey

Model: XGS1250-12-ZZ0101F

Manufacturer: ZYXEL

EAN: 4718937614271

Product Code: 973870

R5,293

Double the 10G Capability!

XS1250-12 features with three Multi-Gigabit ports supporting up to 10G and one additional 10G fiber port on top of the two 10G copper ports provided by the other vendors. With our additional fiber port and 10G connectivity boost the flexibility to adopt more 10G devices in your daily work.

Agile Network Applications

Featured with 1G ports, 10G Multi-Gigabit ports, as well as 10G fiber port, this port combination is capable of servicing a range of network devices such as iMac Pro, 10G NAS, servers, WiFi 6 APs, or new 2.5G motherboards. The unique 5-color LED on the front panel is designed for you to check the

link speed instantly.

Why Multi-Gigabit?

Increasing new applications raise the demand for higher network speed requirement. The Multi-Gigabit RJ-45 ports provide more speed options for your network. Before upgrading the network, you should figure out network speed of motherboard, PC, or WiFi 6 AP, and you need to pick up the right network cable to achieve the maximum speed.

Using Your Current Cabling Is Fine!

The Multi-Gigabit support is able to leverage existing Cat 5e cable infrastructure to upgrade network speed up to 5 times for cost efficient network setup.

Whisper-silent, Energy-saving at Work

The built-in smart fan is designed to automatically adjust speeds based on the device's temperature; you can barely hear the sound while the switch is in operation. Also, the Energy Efficient Ethernet function is able to detect network traffic and adjusts power consumption dynamically to reduce business operating expenses.

Easy Web Management

The XGS1250-12 comes with essential features including VLAN, QoS, IGMP snooping v1/v2 and v3 compatible, link aggregation, and port mirroring which are configurable through a user-friendly web-based interface. It's the most ideal solution to simplify networks for home and small office users.
