provide clear and detailed sound, allowing you to fully immerse yourself in gaming or enjoy your favorite music.

True stereo sound — thanks to the unique driver cavity design.

The isolated driver cavity reduces sound distortions and vibrations, ensuring cleaner and more accurate audio reproduction.

24-bit DAC with up to 96 kHz sampling rate and Hi-Res certification combined with a 32-bit dual-core DSP delivers top-tier audio quality. With precise reproduction of even the smallest nuances and efficient signal processing, you'll experience deep immersion in music, gaming, or movies, enjoying crystal-clear and detailed sound.

Stay connected without missing a moment of the game! The headset allows Bluetooth connection to your phone for calls, enhanced by an ENC noise cancellation system.

The detachable high-sensitivity microphone ensures clear and natural sound during team communication or streaming. You can easily remove it, adding flexibility to everyday use.

Integrated controls simplify managing essential functions such as volume adjustment, microphone status, call handling, and switching audio profiles.

Soft fabric ear cushions with memory foam filling adapt to the shape of your ears, providing maximum comfort and excellent ventilation. They prevent discomfort even in hot conditions.

Cross-platform software: HATOR SynchronHUB App via the Bluetooth channel and dedicated software with advanced settings for PC.
