NXTPAPER 4.0

Ultimate eye comfort. Tailored to you.

The latest NXTPAPER 4.0 display innovation brings you advanced eye comfort and protection features, designed to adapt to your unique viewing habits while delivering refined visual clarity with a paper-like feel.

Upgraded visibility.

Renowned for its AG technology, the fingerprint-free NXTPAPER matte surface is anti-reflective at any angle. NXTPAPER 4.0 employs 60-million-level nano-matrix lithography in its etching process, greatly enhancing display clarity. Whether reading small text in a document or viewing high-resolution media, the display presents every text outline and image detail with unrivaled sharpness.

Versatile eye-comfort.
